

# Middle steering lifting axle for Dutch truck.

Conversion kit, 1/24

Warning!

We STRONGLY recommend to use our photo-etched chassis for Dutch truck.  
This kit was designed and tested only with OUR chassis kit. We can't guarantee that it  
will be possible to build model using Italeri DAF 95/105 chassis as donor!

Please follow this instruction while assembling, otherwise you could face problems with assembling the model.

Photo-etched parts have sharp edges, please be careful.

This model kit contains small parts and is not suitable for children.

For building this model some modelling skills are required.

Symbols:

● - glue parts;

○ - do not glue parts;

→└ - bend parts;

! - attention;

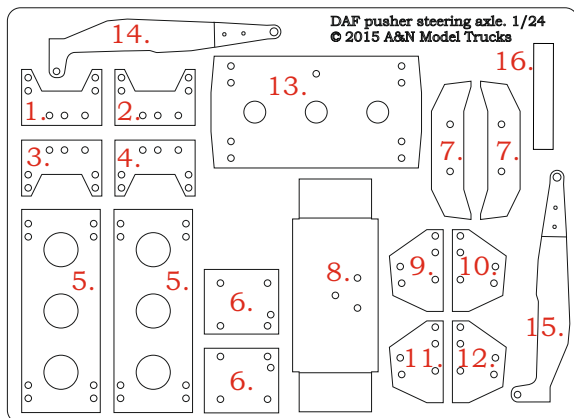

↔ - moving parts;

? - your choice;

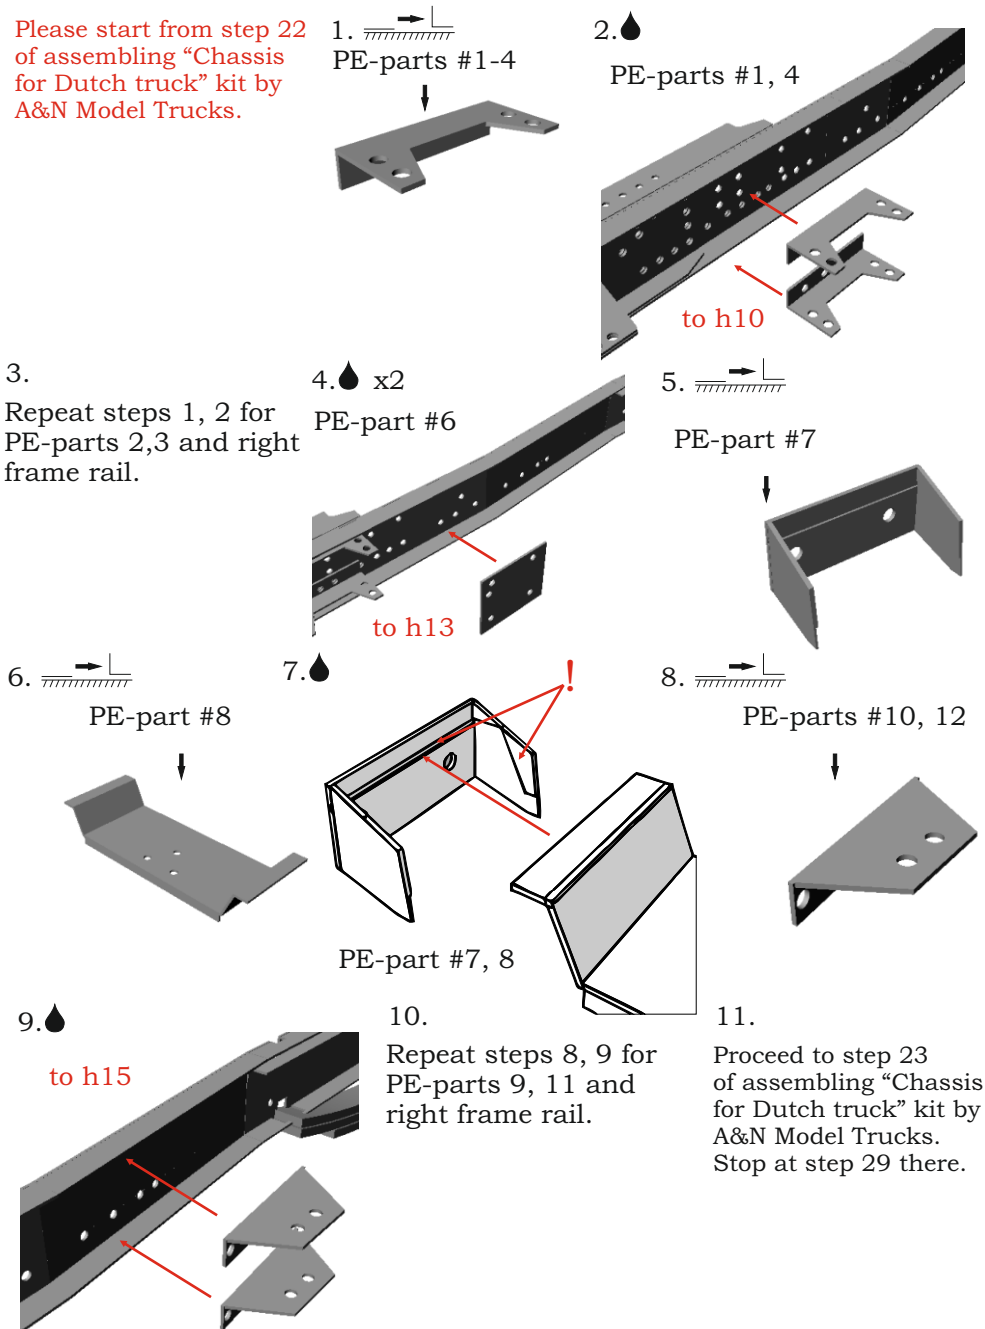

✂ - cut;

h# - hole numbers of A&N Model Trucks photo-etched chassis for Dutch truck  
(please refer list with holes' numbers);
