

# A&N Model Trucks

## 6.4 liter V8 petrol engine

Resin kit, 1/24

© 2020 by A&N Model Trucks

Made in Latvia.

## 6.4 liter V8 petrol engine

Highest detailed replica of iconic V8 engine, plus detail-up set for pickup trucks 2500 series.

Kit contains engine, battery, air filter, tank for antifreeze, fuze box, main vacuum cylinder, additional radiator, hinges for bonnet.

3D printed master patterns with many fine details.

---

Warning!

THIS IS NOT A TOY!

This kit for advanced modellers only!

Contains many very small parts, and not suitable for children!

Please read this instruction carefully and follow it during assembling.

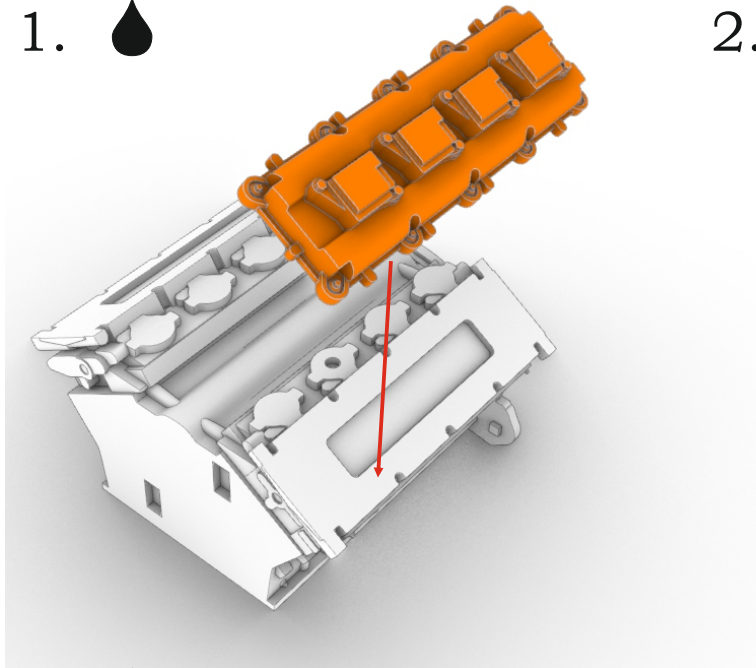

---
